

RECREATIONAL FISHING WORKING GROUP

5/17/05 MEETING

6:00 pm to 9:00 pm

M/V CONDOR EXPRESS

SEA Landing, Santa Barbara Harbor*

AGENDA

I. INTRODUCTIONS 6:00

II. SANCTUARY ACTIONS RELEVANT TO FISHERS 6:15
(updates provided by Sanctuary staff)

A) Water quality monitoring program

B) Federal marine reserves

C) Other

III. PRESENTATION OF DELTA SUBMARINE VIDEO FROM DEEP WATER SITES 7:00

View select un-edited video footage from Delta Submarine dives over deep water sites in the Sanctuary. Video footage is from the Dr. Milton Love Lab at UCSB. A large volume of footage will be available so that audience-selected sites may also be viewed. Video of the Bowie Seamount (off of British Columbia) and of the *Montebello* wreck (near Cambria) may also be available.

ADJOURN 9:00

***Directions:** From the 101 Freeway (North and South): Exit at Garden St. and head south to the ocean. Turn right onto Cabrillo Blvd. and continue to Santa Barbara harbor. (just past the Stearn's Wharf "pier"). SEA Landing and its boats are visible from Cabrillo Blvd. once past the pier. From here one may continue past and find parking within the harbor lots or find parking on the street, but be sure to observe posting parking restrictions and time limits (during the meeting time most areas are available).
